

Hacheeto Coin (CHTO)

Litepaper – Culture • Entertainment • Education

Introduction

Hacheeto Coin (CHTO) powers the Hacheeto World—an independent, community-driven ecosystem built around the Hacheeto mascot. The token connects culture, entertainment, and education through community rewards, digital goods, and events.

Project Overview

Hacheeto Coin is not affiliated with any government, public entity, or third-party token. It exists to support a creative community and a family-friendly brand that celebrates art, learning, and positive culture.

Tokenomics

- Symbol: CHTO
- Chain: Polygon (ERC20)
- Initial Circulating Supply: 2,000,000 CHTO
- Minting Policy: Additional tokens may be minted in the future as community size and project utility expand.
- Distribution Focus: Community, Development, Team, and Reserve (for partnerships & ecosystem growth).

Utility & Use Cases

- Community rewards and gamification
- Merchandise & digital collectibles
- Educational and cultural content
- Potential future NFT and media integrations

Roadmap

- Phase 1: Token deployment, brand assets, initial community release
- Phase 2: Explorer listings and ecosystem integrations
- Phase 3: Utility rollouts (rewards, merch, events, media)
- Phase 4: Expansion across entertainment/education partnerships

Team

Founder: Paris Dominguez — Hacheeto World creator and project lead.

Brand Clarity & Independence

Hacheeto Coin (CHTO) is an independent community project based on the original Hacheeto mascot. It is not related to, endorsed by, or affiliated with any other companies, products, or tokens with similar-sounding names.
